

YACHTS RACE EVERY DAY HEREAFTER;  
SHAMROCK TO BE MEASURED AGAIN.SHEPARD MAY BE NAMED  
FOR MAYOR BY TAMMANY.

Edward M. Shepard, of Brooklyn, will be the unanimous choice of the City Committee, which will meet at the Democratic Club to-night to make selections of a Mayorality candidate to be presented to the convention to-morrow.

James Shevlin, Hugh McLaughlin's right hand man, made this announcement this afternoon, up to which time Richard Croker had preserved silence concerning the matter, and the lesser Tammany leaders seemed to be entirely at sea.

Bridge Commissioner Shea said that nothing remained to be done or said until the Convention had nominated Mr. Shepard.

Deputy Police Commissioner York, who called at Police Headquarters this afternoon, was asked: "Who is going to be the next Mayor?"

"Shepard," he responded.

"He is not going to Europe then?"

"No, sir; he will be nominated by Tammany and elected Mayor of Greater New York."

Mr. Shepard won't talk.

Mr. Shepard left his office at No. 111 Broadway shortly before 2 P. M.

Drops Out, but Re-  
fuses to Make State-  
ment Until After  
Convention.

When asked if he would not make a statement regarding his candidacy for Mayor on the Tammany ticket he significantly replied:

"It would be obviously improper for me to say anything on that subject at this time. You can see why I cannot talk to you."

Bridge Commissioner Shea, who was one of the men who arranged matters last night, was early at Mr. Shepard's home this morning. They breakfasted together, discussing weighty political matters during the time.

Ex-Judge Augustus Van Wyck, thought to be Croker's special representative, called on Mr. Shepard at 9:30 o'clock, and the two gentlemen had a long conference.

James Shevlin was the next caller.

and he and Mr. Van Wyck left the house together. Mr. Shevlin was in a pleasant mood and smiled complacently as he made this statement:

"Mr. Shepard said he would accept the nomination if Mr. Coler would consent to it. I saw Mr. Coler last night, and I have a letter from him to-day in which he withdraws from the race and consents to Mr. Shepard's candidacy, which he heartily endorses."

Mr. Shevlin said he would not make the letter public just yet.

Comptroller Coler went to Philadelphia early this morning, and thus was out of reach of a host of politicians who sought him. He will go to Baltimore to-night.

Mr. Shepard was found last night about the midnight hour at his home. He had previously sent a letter to Mr. Coler, in which he had said that he had intended taking a trip, but that if the Comptroller were nominated he would remain and support him with all the influence he possessed. He said that he felt he was bound to support the Comptroller until the latter should release him. With a copy of Mr. Shepard's letter the Brooklyn men then sought out Mr. Coler.

The "release" was made in a letter from the Comptroller to Mr. Shepard's acceptance was received. Mr. Coler was informed, and then, according to good authority, it was said that Mr. Shepard would be the Wigwam's candidate for Mayor.

YACHT CONTESTANTS WILL  
DECIDE AS TO RACING DAYS.

At the meeting of the representatives of the Royal Ulster Yacht Club and the New York Yacht Club this afternoon the agreement as to the days for the races was modified so that it now reads the races shall be sailed on the following dates until the series be completed:

Oct. 3, and on each following day, except Sunday, provided, however, that immediately on the conclusion of the race 3, and on each subsequent race, the Regatta Committee shall inquire of each contestant whether he is willing to start the next day, and should either contestant reply in the negative one day shall intervene before starting the next race. Sunday shall not count as such intervening day.

## TOM JOHNSON PLANS A FIGHT

Cleveland's Mayor to Make Rail-  
road Valuation a Campaign Issue.

CLEVELAND, Oct. 2.—Mayor Tom L. Johnson was asked to-day what he proposed to do in his fight for an increased valuation of the railroads of the State, in view of the decision of Attorney-General Sheets that the State Board of Railroad Equalizers had declined to increase the valuation of the roads.

"The Board is a Republican body," explained the Mayor. "and the Republican party is bought body and out by the railroad companies. The campaign fund of the party is furnished largely by railroads. They don't care to be honest with the people who elected them because they fear if they do their duty they will lose one of their greatest sources of revenue. The decision of the Board does not, however, end the matter."

The Mayor will take the stump in Ohio this fall and will make a hot fight against the Republicans on this issue.

## PRESENT FOR MR. M'KENNA.

Executive in the Subpoena Service  
Surprised by His Friends.

The general executive of the subpoena service in the District Attorney's office, William J. McKenna, well-known as the county detective, received a very pleasant surprise this afternoon at the hands of the clerks in his division.

He was congratulated by the whole force, and John J. Donohue, in a neat speech, presented to Mr. McKenna two boxes of very fine expensive cigars. Remarks were also made by Senior Clerk George J. Carroll and Mrs. McKenna expressed great appreciation of their kindly motives.

## WEATHER FORECAST.

Forecast for the thirty-  
six hours ending at 8 P.  
M. Thursday for New  
York City and vicinity:  
Showers this evening;  
Thursday, generally fair  
and colder; winds will shift  
to brisk northwest to-night.  
Fresh to brisk westerly  
winds Thursday.

Good Wind Predicted for To-Morrow and Every  
Prospect of a Race—Shamrock to Have  
Some of Her Ballast Removed.

According to the official weather  
forecast a good racing wind will  
blow for to-morrow's race. Both  
the Shamrock and Capt. Barr,  
of the Columbia, are pleased at the  
prospects.

The New York Yacht Club was notified to-day by Sir Thomas Lipton that he desired a remeasurement of Shamrock II. as early to-morrow morning as possible, as it is desired to take out some of the yacht's ballast.

Whether this is done because he has found his boat to be too stiff or to cut down her time allowance which she now allows Columbia has not been stated. Any change in the ballast, however, will necessitate a remeasurement.

The Shamrock now allows Columbia 43.6 seconds in a thirty-mile race, and any shortening of the water line, if it were only a matter of two or three inches, would affect this time allowance in favor of the challenger.

Early Morning Measuring.  
The Shamrock would have to be brought to Erie Basin, Brooklyn, to be remeasured, as it would be impossible, owing to her long overhang, to measure her at her mooring at the Hook.

The measurement will have to be made very early to-morrow morning in order to permit the challenger to

get out to the starting line by 10:30 or 10:45 o'clock.

She will therefore have to be measured out of the dock by 7 A. M. The removal of the ballast would require only a remeasurement of the water line, no change being suggested in the sail area.

## Watson Knows Why.

Sir Thomas Lipton, on board the Erin, this afternoon said he could make no statement regarding the proposed remeasurement of Shamrock. Designer George L. Watson was absent, he said, and until he returned this evening nothing definite would be decided upon.

Sir Thomas was in close conference for some time with Capt. Sycamore, and some action will undoubtedly be taken late this afternoon.

Up to 3 o'clock Sir Thomas had received no official reply from the New York Yacht Club to his communication regarding racing daily hereafter.

## Race Every Day.

The Cup races will be sailed on successive days until the contest is decided. Sir Thomas Lipton has asked the

New York Yacht Club to so change the sailing schedule.

The formal application for the change was made in the form of a letter which he forwarded to-day. The proposition is favored by E. D. Morgan, of Columbia, and undoubtedly will be favorably acted upon at the meeting of the Cup Committee at the New York Yacht Club this afternoon.

A member so informed an Evening World reporter this afternoon. The race days this week will, therefore, be Thursday, Friday and Saturday.

## Pleased by the Wind.

Sir Thomas said to-day as he looked at the white-caps kicked up by the 12-knot breeze which had been blowing since daybreak:

"See what a splendid opportunity Shamrock II. is missing. With this wind yesterday we would have scored a sure win."

"I think we shall race Thursday, Friday and Saturday, as I anticipate favorable action on the letter I have written the yacht club with that end in view. Mr. Morgan also favors the change."

"Although some people have told me the cup will never be lifted, my hopes are higher to-day than ever."

A steady fifteen-mile wind blew out of the south-southwest to-day and it would have been an ideal day for the races. Neither boat left its anchorage, however, and little work was done aboard.

DEAN APPOINTED  
BY ROOSEVELTM'KINLEY POLICY UPHELD IN  
NAMING OF KANSAS.

New District-Attorney Had Been  
Opposed by State  
Leaders.

(Special to The Evening World.)

WASHINGTON, Oct. 2.—Senator Burton, of Kansas, is fully convinced that when President Roosevelt announced he would carry out the plans and policies of President McKinley he meant what he said. Furthermore, the Kansan is convinced that men who get office under the new President must be up to a high standard.

Evidence of this was given to-day by the appointment of John S. Dean as United States District-Attorney for Kansas.

Senator Burton and National Committee man Mulvane had been several days pressing for the appointment of Mr. Tracy, of Warren, Eagle, for the place, but have left for home, having called in their mission.

Mr. Tracy was objectionable to certain elements among the Kansans, and President McKinley had refused to sanction the appointment.

Burton hoped to get President Roosevelt to reverse the judgment of Mr. McKinley, and spent a week at the job. His pleadings made no impression on the President.

## SCHWAB AT DEDICATION.

Six Bishops at Services in Church  
Built by Steel President.

LORETTO, Pa., Oct. 2.—St. Michael's Roman Catholic Church, erected by Charles M. Schwab, President of the United States Steel Corporation, to the memory of Prince Demetrius Gallitzin, the apostle of Catholicism in the Alleghenies, was consecrated to-day by Bishop Garvey, of Altoona, Pa., assisted by Archbishops Ryan and Ireland, Bishops Hoban, Loughlin and Shanahan and about sixty priests.

At the conclusion of the ceremonies Mr. Schwab, president of the company, and his family, accompanied by the priests, left for their summer home. The cost of the structure was \$150,000.

DISCUSSIONS ON  
YACHT RACE BETS.Shamrock Backers Think They Have Right to  
Money Wagered on Triangular Contest.

Discussion is on among Wall street  
betters on the yacht races as to  
whether a bet made on yesterday's  
race holds good or is off. Some of the  
speculators who took the Shamrock end  
of the waters of 5 to 5 that Columbia  
would win the triangular contest main-  
tain that they win the money, but the  
Columbia backers say the "no race" de-  
cision of the committee nullifies all bets.  
The fact that Shamrock was in the lead  
when the race was called off has no  
bearing on the wagers.

Those who bet on Columbia argue that  
it is understood that the bets were made  
on a triangular race. The drifting  
match was not a race and therefore  
all bets made should be called off or  
go over for to-morrow's race over a tri-  
angular course, providing the persons  
concerned so agree.

Another committee, Mr. Brown, would  
like to place is \$2,500 at even money  
that Shamrock will not win a single  
race. He has recorded another bet of  
\$1,000 to \$500 that the cup will stay here.

Betting became brisk this afternoon.  
Aside from many wagers on the two  
even-money bets, one of \$1,000 and an-  
other of \$500, that Columbia would win  
the race, there were bets on the Shamrock  
end in the \$1,000 bet and W. Koster  
took the defender's end in the other.

SHOT IN STOMACH  
AND RECOVERINGWOUNDED AS WAS M'KINLEY.  
WASHINGTON MAN GAINS.

Danger of Septic Poisoning Passes  
and No Sign of  
Gangrene.

(Special to The Evening World.)

WASHINGTON, Oct. 2.—Henson Smith, the negro shot in the abdomen on Sept. 13 last on a farm near Gathersburg, Md., and brought to the Emergency Hospital for treatment, whose case attracted such widespread attention because of the similarity of the wound to that from which President McKinley died, is the physician at the hospital assert, well on the road to recovery.

The danger from peritonitis and septic poisoning has long since passed, and while there is a possibility of gangrene developing, it is not considered at all probable that the fatal symptoms will appear.

Smith did not get surgical attention for six hours after he was shot.

GIRL SICK AFTER  
EATING CANDY.SHOWS SYMPTOMS OF POISON-  
ING AND POLICE CALLED.

Child Unconscious After Eating  
Sweets She Bought in Union  
Hill Store.

The police of Union Hill, N. J., are in-  
vestigating a supposed case of candy  
poisoning, the victim being May Wyckoff,  
the eleven-year-old daughter of former  
School Trustee Charles A. Wyckoff, of  
No. 72 Dakota street. The child bought  
some candy yesterday at a store on  
Spring street.

Soon after eating it she was taken  
sick and lost consciousness. Two doc-  
tors succeeded in restoring the little  
girl, but she is still very ill.

Detective Vedder is making an investi-  
gation on the statement of the physi-  
cians that symptoms of poisoning were  
noted in the case.

CURB MURPHY'S  
POLICE POWER.SUIT TO OUST 19 CAPTAINS  
WILL RESTORE MERIT SYSTEM.

After Court Acts Political Pull  
Will No Longer Avail in Ob-  
taining Promotions.

"Heretofore police captains have se-  
cured their appointments through a  
pull," said George McAneny, Secretary  
of the Civil Service Reform Association,  
this morning. "Hereafter they will get  
them through merit alone. The Police  
Commissioner can no longer dominate  
and force appointments of certain men  
as captains because of their political or  
other influence, and he will have nothing  
to do with the matter of making cap-  
tains. That will be done entirely ac-  
cording to civil service rules and the  
best men will get the plum when vacan-  
cies occur. We feel positive that we  
will win the suit to oust the nineteen  
police captains whose recent appoint-  
ments were secured through favoritism,  
which was common to the other cap-  
tains, together with the six vacancies  
which already exist, will enable the  
Civil Service Commission to select twenty-  
five good, capable men for police  
captaincies."

The suit, which was commenced by  
the Civil Service Reform Association to  
oust the nineteen captains on the ground  
that their appointments were the result  
of favoritism and the manipulation of  
the results of the civil service examina-  
tions, will be vigorously opposed by  
any effort on the part of the defense  
to secure delay will be vigorously op-  
posed by the Civil Service Reform As-  
sociation.

## ACCUSED OF PERJURY.

Henry Greenberg, Fifteen-Year-Old  
Youngster, Is Arrested.

Henry Greenberg, of No. 79 Leonard  
street, a fifteen-year-old Williamsburg  
boy, was arraigned in the Ewen Street  
Police Court to-day charged with per-  
jury. He was a witness yesterday in an  
assault case against Louis Goldstein,  
preferred by Samuel Leber, of No. 22  
Moore street. The boy swore that he  
had seen the assault but did not know  
Goldstein.

Goldstein appeared to be surprised.  
After the trial he confided to a police-  
man that the boy was his nephew and  
knew him well. This was found to be  
true and a warrant was issued for young  
Greenberg.

Perjury has been so common in Brook-  
lyn police court of late that an exam-  
ple will be made of this youth. Bail was  
fixed at \$1,000, and no bond will be ac-  
cepted that has not been approved by  
the District-Attorney.

## MEN MAY BE DEAD IN FIRE.

Milling Company Plant Destroyed  
with \$500,000 Loss.

ST. LOUIS, Oct. 2.—Fire that de-  
stroyed the plant of the Standard Mill-  
ing Company, at Alton, Ill., and 300,000  
bushels of wheat to-day, spread to  
other buildings and caused a total  
damage of \$500,000.

It is reported that some of the mill  
employees failed to escape, but this  
cannot be confirmed.

ASK REMOVAL  
OF MURPHY.

Merchants' Association De-  
cides To-Day to Appeal  
to Mayor.

Mayor Van Wyck will be asked to re-  
move Police Commissioner Murphy for  
his refusal to take cognizance of the  
charges which were recently preferred  
against Chief Devery by the Merchants'  
Association. This decision was reached  
to-day, after a conference between Sec-  
retary William H. Corwin and several  
members of the association, with Dill  
& Baldwin, attorneys for the organiza-  
tion.

"We arrived at no conclusion as to  
what course to pursue in the event of  
the refusal of the Mayor to heed the  
complaint which will be filed," said Sec-  
retary Corwin. "In fact that phase of  
the matter was not discussed and will  
not be considered until we give His  
Honor a chance to act in the premises  
and he refuses to do so. While a cer-  
tain line of procedure may have been  
mapped out in the event of such a  
thing, we cannot dispose of a contin-  
gency before it arises."

The general impression among those  
who are backing the move of the  
Merchants' Association is that the  
Mayor will ignore the application of  
the Association, and that the whole  
matter will then be laid before the  
Governor, with a request that he take  
proper action in the matter.

Edward O'Neill, the policeman who was  
"broken" by Deputy Police Commis-  
sioner Devery, called upon Justice Jor-  
dane this afternoon and was closeted  
with him for some time. The nature  
of their conference is not known.

## BARRETT MAY TRY POLICE.

Justice Foreman Busy Up-State and  
Philbin Makes Arrangement.

When the Criminal Branch of the  
Supreme Court convenes on Monday,  
Justice George E. Barrett will preside  
in place of Justice Edgar Allan Fur-  
man, who is detained up State by a  
big calendar.

District-Attorney Philbin said to-day  
that should the cases of Sergeant  
Shiels, Warden Dwyer and Glennon,  
Capt. Diamond and possibly Chief De-  
very, be released by the Supreme Court,  
they would be tried before Justice Bar-  
rett.

MISSION BOARD
